Dear Mrs. Wright,

I would like to thank you, again, for your \$5,000 contribution to Honey Shine Inc. The support from the Women Empowerment Summit allowed us to expand upon our STEAM (Science, Technology, Engineering, Arts, and Mathematics) initiative.

Your donation impacted the lives of over 90 girls and offered more than 10 hours of hands-on learning during our Aspire to Shine Workshops. Our Honey Bugs were introduced to scientific principles and conducted actual experiments, like dissecting a sheep heart, creating a stop light, and learning how to conduct chemical testing on various foods to learn pH balance and tie it back to their health. Staff and volunteers shared how eager the girls were to share their results of their experiments – they genuinely had a wonderful time learning. We can't thank you enough!

We look forward to continuing this partnership and empowering the lives of young girls.

Sincerely,

Dr. Wendy Ellis
